The references cited on the PTOL 1449 form have been considered.

This application is in condition for allowance except for the following formal matters:

- ii) Cancellation of Claims 1-26.

Reasons for Indication of Allowable Subject Matter

Claims 27-52 would be allowed. The following is an examiner's statement of reason for allowance: None of the references of record teaches or suggests the claimed Semiconductor package having an interface between the backside surface and the solid material has a mean surface roughness factor Ra of between about 5% to about 40% of the mean thickness of the die and among other limitations as cited in independent claims.
